

LARGE AREA SANDER

ETS225 9" PAINT SANDER

- powerful large area sander
- cushioned velcro backing pad
- large holes for effective dust control
- easy handling for wall work
- removable guard side for edging

The ETS225 is a large area sander that can be used hand held or with an extension pole for ceiling work. It is for sanding back and smoothing paint and coatings, prepping and sanding walls and floors.

The sander is lightweight and is complete with a dustguard that allows dust free operation when coupled with a suitable vac.

The edge of the dustguard is cut away allowing sanding right to the edge.

The range of discs are velcro backed.

APPLICATIONS

- for sanding & smoothing large areas
- smoothing & feathering in
- prepping back paints & emulsions
- sanding wood floors & boards
- cleaning walls, floors & ceilings
