350000	locknut & flange for hard backed discs				9.95

ZEC SURFACING DISCS

ZEC SURFACING DISCS

- heavy duty hard backed discs 7" discs
- double coated, resin bonded, long life
- for surface grinding & finishing
- for prepping marine hulls & decks
- stripping paint & anti-fouling
- prepping & renovating gelcoat

The ZEC-SC are silicone carbide discs hard backed rigid discs produced in grits from 10 to 120 to surface grind and smooth fibreglass and gelcoat, remove thick coatings and varnishes

These plastic backed discs do not require a backing pad and work better at speeds of 4000rpm rather than angle grinder speeds of 6000 to 8000rpm

The ZEC-SC silicone carbide semi-flexible discs are produced in grits from 16 to 120 to surface grind and smooth fibreglass and gelcoat, remove thick coatings and varnishes

Aluminium oxide semi-flexible 7" discs are also available

The EPO180H with hard backed ZEC discs will remove water based coatings, oil based, epoxy and rubberized paints, bitumastic sealers and waterproofers

The EPO180H is a versatile surface prep tool that can be fitted with a range of 7" sanding discs, wheel scalers, prepheads and wire brushes, polishing sponges and bonnets

APPLICATIONS

- for prepping, sanding & finishing
- surface grinding & cleaning
- fibreglass & gelcoat
- aluminium & alloy surfaces
- renovating decks, hulls & structures
- keying surfaces before repainting
- grp surfaces, yacht & ship hulls
- stripping paint & anti-fouling
