

COMPACT POWER TROWEL

ELECTRIC POWER TROWELS

- compact power trowels
- electric 110 volt for interior work
- for edging & special floor toppings
- mid speed model for concrete & screed
- steel, stainless & plastic blades available

The 24" compact trowels will finish right up to the edge and are ideal for internal work and specialist floor finishes. The trowels improve application rates, compaction and finish

The standard model runs at 130rpm and is designed to finish concrete, polymers and cement floor toppings

A variable speed model with extra slow speed is produced for epoxies

The 110 volt model is fitted with a 32 amp plug and needs to run off a 5kva transformer

APPLICATIONS

- power floating wet concrete
- finishing epoxy & polymer screed
- power floating inside buildings
- edging & small area work

CPT60 POWER TROWEL 1.5kw

Speed 130rpm

Weight 54kg

Size WxL 60x140cm

Height 110cm

Disc 60cm

Finish rate 100m/hr

Vibration level 2.5m/s

Noise level 74dBA

Voltage 110v or 230v

Transformer 5kva, 32 amp plug
