

MM30/2 1800 WATT H HANDLE

- heavy duty electric mixers
- powerful motor & long life 2 speed gearbox
- soft start, low splash
- H handle for easy & comfortable handling
- high torque, slow speed for powerful mixing
- large range of interchangeable paddles
- guaranteed German made mixers & paddles

The MM30/2 has been recently upgraded with an 1800 watt motor. It is a well proven and robust power tool that will generate a fast, thorough mix action for consistent results

The H handle gives easy handling and a comfortable work position; the H frame helps protect the power tool from knocks and damage

All MEGAMIXERS have soft start variable speed, that minimises splashing when starting. The power mixers are supplied with a spiral paddle that is the most efficient for converting power tool torque to an easy and consistent mix action

With its heavy duty 1800 watt high torque motor and two speed gearbox, this is the most powerful hand held mixer drill available

APPLICATIONS

- mix powders & cements
- liquids & slurries
- resins & epoxy
- heavy bodied coatings & paints
- adhesives & sealants

MEGAMIXER MM30/2 1800w

Two speeds 230/560rpm

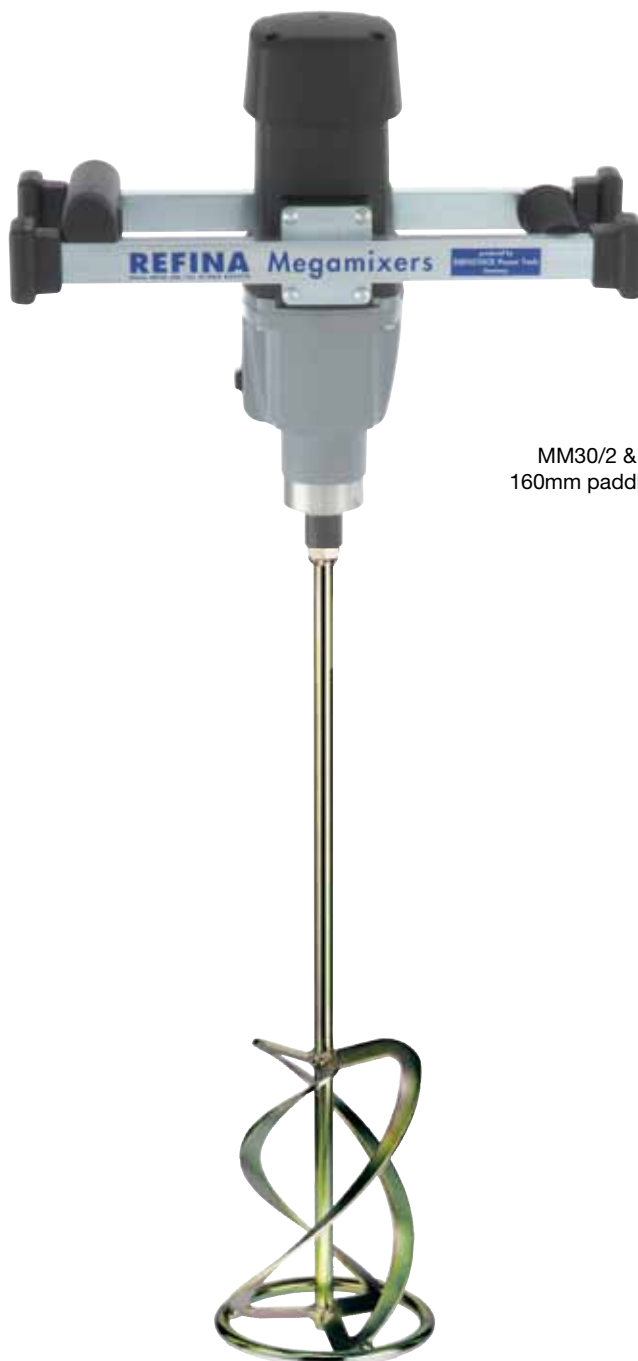

Power tool weight 7.2kg

Paddle 160mm spiral

Vibration level 1.7m/s

Noise level 72dBA

Voltage 110v or 230v

MM30/2 & 160mm paddle

MEGAMIXERS H HANDLE

MEGAMIXER with paddle, H handle, variable two speed, soft start

H HANDLE SLOW SPEED MEGAMIXER™

MM22 1150 WATT H HANDLE

- medium weight electric mixer
- powerful motor & long life 2 speed gearbox
- soft start, low splash
- H handle for easy & comfortable handling
- high torque, slow speed for powerful mixing
- large range of interchangeable paddles
- guaranteed German made mixers & paddles

The MM22 MEGAMIXER is a medium weight power mixer with H handle, mechanical two speed gearbox and reliable motor

It generates a fast, thorough mix action suitable for coatings, liquids and powders

The H handle gives easy handling and a comfortable mix position; the frame protects the power tool

The power mixers are supplied with a spiral paddle but can also be supplied with a variety of different paddle designs

APPLICATIONS

- mix powders & cements
- liquids & slurries
- resins & epoxy
- heavy bodied coatings & paints
- adhesives & sealants

MEGAMIXER MM22 1150w

Two speeds 250/450rpm

Power tool weight 5.6kg

Paddle 140mm spiral

Vibration level 1.8m/s

Noise level 76dBA

Voltage 110v or 230v

MZR22 1150 WATT TWIN PADDLE

- powerful contra-rotating positive mix action
- twin paddles for thorough mixing
- easy mix action
- for heavy & difficult to mix materials
- fibre filled products & pastes
- soft start, low splash
- H handle mixer for easy handling

The twin contra-rotating paddles generate a thorough and consistent mix action that reduces air entrainment

The twin paddles reduce counter rotational torque and the mixer drill does not try and twist when mixing heavier materials; it minimises operator fatigue particularly with stiff mixes

The MZR22 gives the most thorough mixer for heavy mortars, fibre filled cements, pastes, putties and epoxies

The twin paddle action is also good for those powders and coatings that are hard work to mix The MZR22 is suited to multi-component, specialist materials and critical mix applications

APPLICATIONS

- mix heavy materials & mortars
- epoxies & resins
- putties & pastes
- ceramics, granulates & rubbers
- putties & lime mortars
- fibre filled materials
- specialist paints & coatings

MEGAMIXER MZR22 1150w

Speed 450rpm

Power tool weight 6.8kg

Paddles 2 x 120mm spiral

Vibration level 4.3m/s

Noise level 77dBA

Voltage 110v or 230v

D HANDLE TWO SPEED MEGAMIXER™

MM19/2 1000W D HANDLE

- back & hoop handle mixers, easy handling
- powerful motors, soft start, low splash
- spiral paddle for thorough mix action
- large range of alternative paddle designs

The MM19/2 is D back handle power tool mixer that combines a simple well proven design, reliable gearbox and powerful 1000 watt motor

The single speed MM19/1 is for Artex, finish and browning plasters, bonding and drywall adhesive, floor coatings and epoxy paints; it is ideal for one and two bag mixes

The two speed MM19/2 with the faster second speed generates a whisking mix action

APPLICATIONS

- mix powders & cements
- liquids & slurries
- resins & epoxy
- heavy bodied coatings & paints
- adhesives & sealants

MEGAMIXER MM19/2 1000w

Speeds 430/760rpm

Power tool weight 3.2kg

D HANDLE SLOW SPEED PADDLE MIXER

MM29/1 1800 WATT D HANDLE

- powerful 1800w motor, soft start, low splash
- use hand held or stand mounted
- heavy duty motor & long life gearbox
- back & hoop handle mixers for easy handling
- high torque & slow speed for heavy materials
- reliable power tools with fast service backup
- guaranteed German made mixers & paddles

The D handle gives easy handling and a comfortable mix position

All MEGAMIXERS have soft start, variable speed, that minimises splashing when starting

APPLICATIONS

- mix powders & cements
- liquids & slurries
- resins & epoxy
- heavy bodied coatings & paints
- adhesives & sealants

MEGAMIXER MM29/1 1800w

D HANDLE HIGH SPEED PADDLE MIXER

ETN2000/R 1700 WATT D HANDLE

- powerful 1700w motor, soft start
- solidly made, hard working power tool
- heavy duty motor & long life gearbox
- back & hoop handle mixers for easy handling
- high speed for blending
- use hand held or stand mounted

The EHR1700/2 is a high speed mixer with D handle for controlled and easy handling and a comfortable mix position

It is designed for use with propellor type paddles to generate a high shear blending action

APPLICATIONS

- mix paints & coatings
- liquids & solutions
- emulsions & suspensions

ETN2002/2R 1700w

Speeds 800/1570rpm

CORDLESS MIXER

AHR24 CORDLESS MIXER

- 24 volt battery powered mixer
- alloy gearbox & metal gears
- supplied with 120mm hoop paddle
- for factory use & site work

The AHR24 is a cordless battery powered mixer drill with 24 volt 1.7Ah quick charge battery; two batteries are supplied

The mixer is intended for intermittent mixing of small batches on site, away from mains voltage or around the factory

It is supplied with an 100mm diameter paddle for coatings and powder based materials

APPLICATIONS

- liquids & slurries
- resins & epoxy
- heavy bodied coatings & paints
- adhesives & sealants

AHR24 24 volt

Speed 20-400rpm

Power tool weight 2.9kg

Paddle 120mm hoop

Vibration level 0.6m/s

Noise level 68dBA

AHR24 & 160mm paddle
