

SUPERFLEX SKIMMING SPATULAS

SKIMMING SPATULAS

- super flexible stainless steel
- rounded edges & tapered blade
- h frame moulded handle
- for finishing & smoothing
- walls & ceilings
- plasters & special finishes

The spatulas are produced with an ultra flexible stainless steel blade and h frame moulded hand grip

They are used in conjunction with sponge floats to finish plaster surfaces

The smaller skimming spatulas are used for jointing, taping and smoothing

The larger skimming spatulas are for finishing large areas and ceilings
