

MIXING TUBS & SPOT BOARD STANDS

MIXING TUBS

- heavy duty black plastic tubs
- for mixing & gauging
- plaster & cement
- epoxy & mortar
- can be used for material handling & transport

The mixing tubs are produced in heavy gauge plastic, and are site robust

They are tapered for easy stacking

The narrower 32 ltr tub with hoop handle is often used for finish plaster and coatings

The wider 65 ltr and 90 ltr are used for heavier, bulky materials including hardwall and render

The trugs with side handles are produced from a flexible plastic compound from which it is easy to remove old plaster and cement

HEAVY DUTY MIXING TUBS

WHITE TUBS

- heavy duty white plastic mixing tubs
- thick wall rigid plastic
- durable & hardwearing
- for mixing & gauging
- plaster & coatings
- epoxies & resins
- render & mortar

The white plastic mixing tubs are produced from heavy duty rigid plastic with a 4mm gauge wall thickness and are the most robust mixing tubs available

They are designed for site use handling and mixing construction materials

The larger tubs have moulded side handles and are used for mixing plaster, render, mortar and epoxy
