

# REFINA TROWELS

## REFINA TROWELS

Refina supply one of the largest ranges of trade quality, specialist application ranges of tools and trowels in the UK for the plaster, render and drylining, paint and refurbishment, flooring, tiling and screed trades

All Refina labelled tools are produced in Germany, the UK or Europe

Marshalltown trowels are produced in the USA

Refina Plastercraft range of trowels are all produced from stainless steel and are rust free

Tools are stocked for applying plasters and renders, lime mortars and traditional materials, epoxies and screeds

Modern building materials require specialist trade quality application tools. Refina stock many of those difficult to find tools

The Refina range includes the largest range of stainless steel trowels, plastic floats and sponge floats, aluminium rules, feather edges and levels

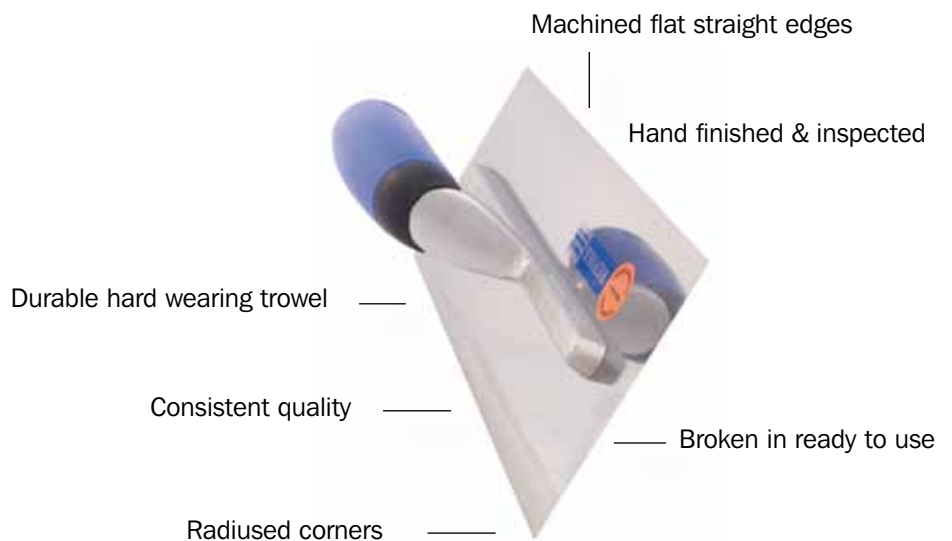

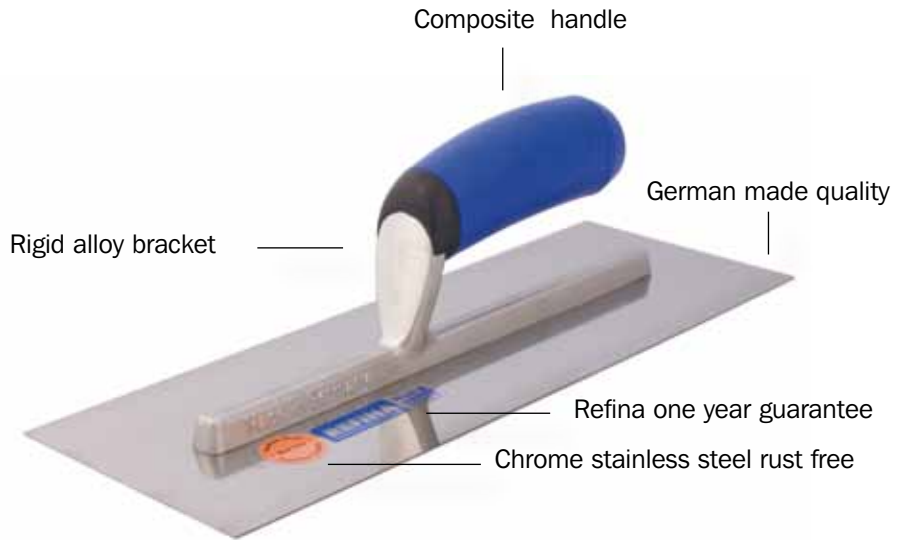

## Guarantee

All Refina tools are guaranteed one year for trade use

REFINA tools are available for sale from merchants and equipment specialists across the UK mainland

You can order from your local merchant, by telephoning Refina or on line

Most orders can be despatched for next day delivery

# PLASTERCRAFT PREMIUM TRADE TROWELS

## PLASTERCRAFT TROWELS

- super flat plastering trowels
- the straightest finishing edge
- slightly radiused corners
- machine chamfered side edges
- chrome stainless steel, rust free
- fully riveted, sizes from 11" to 16"
- pre-worn in for use on finish plasters
- guaranteed one year for trade use
- produced with soft handle
- made in Germany

The trowels are premium quality trowels for plaster tradesmen

They are made from the finest and flattest chrome stainless steel for rust free use, manufactured using the most modern production techniques and hand finished to ensure the finest trade quality trowel

They are mechanically broken in and can be used on finish plaster without having to be worn in on sand and cement

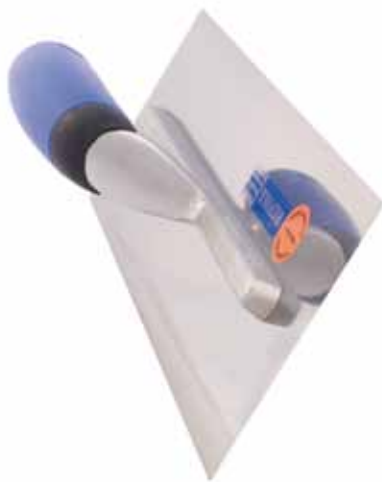

The trowels are produced with shaped composite soft handle. The soft handle is comfortable on the hand, easier to grip and reduces muscle and joint strain
