

STEP-UPS

STEP-UPS

- new design safe & sturdy step-up platforms
- sturdy 150kg capacity
- conforms to EN131 standard
- fold away legs for transport in a van
- easy to move about the floor
- non-slip top & anti-skid feet
- 12" & 20" heights
- range of platform sizes with 12" width
- access for ceilings & upper walls
- for plaster, drywall & finishing trades
- painters & decorators
- fixing & shopfitting
- made in Europe to current standards

The step-ups are European made to the latest standards; they are robust and produced from aluminium for strength and lightness

The step-ups can be used on site within "Working At Height" regulations

The legs fold down so that the step ups fit easily into a van or car boot
